

### Stroud Brewery Big Cat Stout

Stroud Brewery began in 2006, renting a small unit in Thrupp, on the edge of Stroud. Founder Greg Pilley set out with a vision to brew delicious beer with integrity - a thriving enterprise that would support the community, the environment and other local businesses. In Summer 2018, the brewery launched a £1,000 investment bond, aimed at local residents and customers. The aim was to raise £300,000 over three months to help finance the move to a new site – and the target was achieved within a week. This brewery truly is a community enterprise with great tasting beer to boot! This is an easy drinking 4.5% stout. Velvet on the palate with a complexity of fruity dark malt flavours to follow.

### Stroud Brewery Budding

Twice Champion Beer of Gloucestershire!  
4.5% pale ale with a grassy bitterness, sweet malt and luscious floral aroma. Fuggles used as the main bittering hop – then late hopped for a luscious floral aroma. Named in celebration of Edwin Budding (1796–1846) of Thrupp, Stroud, who invented the lawnmower in 1830. Budding was an engineer servicing the abundant wool mills of the Stroud valleys and he took his inspiration from a machine with a helical blade that cut the nap (fluff) off the newly woven cloth. Another great British invention. Please join us in a toast: “To Edwin”.

### The Cotswold Brewing Company 3.8 Pils

Based in the classic English village of Bourton-on-the-Water, the brewers at Cotswold Brewery are inspired by the great brewer legends of Bavaria, evolving German and Czech brewing techniques to create traditional-meets-modern, full-bodied lager. We have selected for your delectation, a German-style Pilsner brewed with a blend of American and new breed German hops. Huge amounts of flavour and character, yet balanced and easily drinkable.
