

**Siren Craft Brew** Soundwave 5.6% abv

**Siren Craft Brew** was born in 2013 with a simple idea in mind: to introduce exciting, full-flavoured and forward-thinking beers to as many people as possible.

Welcome to tropical hop heaven. **Soundwave** is eminently drinkable, full of flavour and subtle with bitterness. Their most famous beer pours with an inviting haze, while big-hitting American hops deliver fruit notes in abundance and a trademark resinous finish.

**Lost and Grounded** Running with Sceptres 5.2%

**Lost and Grounded** is a brewery on the banks of the River Avon in Bristol, established in July 2016. They say they are fascinated by the precision of German brewing and the idiosyncratic nature of Belgian beers – and are one of the few craft breweries who specialise in pilsners, lagers and other light beers.

A sceptre is something normally reserved for the likes of royalty, but we all carry a sceptre – something that makes us all special. For this Indian Pale Lager they combine Pilsner, Vienna and Caramalts with a huge whack of hops to make what they call a Speial Lager Beer.

**Derby Brewing Company** Wild Bear 5.0% abv

**Derby Brewing Company** started back in 2004 and have continued to make top quality beers ever since!

**Wild Bear** is an aggressively hopped IPA. It has tropical fruits on the nose, with a bold bitterness and a dry floral finish balanced with a sweet, malty biscuit back bone.

### Teme Valley Brewery The Talbot Blonder 4.4% abv

Because of the brewery's origins in farming, **Teme Valley** only use UK grown malt and hops from Worcestershire and Herefordshire in their beers. With the exception of a Porter and an occasional wheat beer, all of their beers are "Burton" bitters – the style widely recognised as "real ale".

**The Talbot Blonde** is golden in colour and gives you a nice hoppy finish.

### Little Monster Brewing Company Yul 4.6% abv

**Little Monster Brewing Company** was founded by award winning brewer Brenden Quinn who has had a passion for locally produced craft beer since he was introduced to it when travelling in Canada back in 2000. At the beginning of 2018 Little Monster Brewing Company was born. The name came from Brenden's daughter who he calls affectionately, "my Little Monster". The name came instantly to Brenden as he wanted to dedicate all that he did to his little girl and the inspiration she gave him.

**Yul** is a juicy sessionable pale ale brewed with five different malts, big American hops, and vermont yeast. Crafted to be easy-going, super soft, with citrus and tropical fruit character. A pale ale to please beer geeks and beer novices alike.
